*Bismillahi-r-Rahmani-r-Rahim*

*Assalamu alaikum und herzlich willkommen auf der Internetseite  
des ersten deutschsprachigen Heiratsinstituts für Muslime und Muslimas.*

Search your Muslim companions for life and complete your Religion.

"Marry those among you who are spouseless and the virtuous among your male and female slaves (thereby freeing them), if they are poor, Allah will enrich them of His bounty; Allah is Embracing, Knowing. " (24.32)

We are the first official Muslim marriage institute with islamic intention and the base for international connections in order to find the right Muslim wife or husband. It is our aim to find inschallah the right partner for life for Muslim people: For a very little sum of money you'll get the possibility to look up in our data bank in an uncomplicated and unbureaucratic way for the right partner.

My advice for when you get to know someone from my marriage site or from another portal is to please treat each other honestly and with sincerity.

Take time to get to know one another! It doesn't always have to be that immediate spark or love at first sight.

So please forget about great romances and Bollywood films, reality is, for the most part, very different!

The chemistry between the two of you should be right, and you should of course share your faith!

So allow yourselves ample time to get to know one another better.

Don't immediately expect Superman or Wonder Woman. Love needs time to flourish.

Please be understanding as you are getting to know each other and don't be impatient if someone doesn't reply immediately.

This is why I ask you to please be patient! Because patience is half of religion. And Allah swt rewards those who are patient.

Let me briefly explain how our marriage portal works and what our rules are!

#### Rule 1:

This portal is intended for Muslims, and Non-Muslims who are sincere in their intention to convert to Islam und are looking for a Muslim spouse who is able to take on the responsibility of explaining the Islam religion in order to strenghten the faith.

Finding Mr. or Mrs. Right for a life together isn't easy in today's fast-changing society. It is especially hard for us muslims in Germany to meet somebody from our own cultural and religious circle. In Islam, the strict separation between men and women is regulated explicitly.

Imagine the following situation: In the mosque a special event is taking place, where fellow muslims congregate. You – a muslim woman – see a muslim man whom you find attractive. You would like to get to know him. However you, being a muslim woman, cannot simply approach him, a man, just like that. Of course it is very difficult for the man as well to meet a fellow muslim woman. He can never be sure that his chosen one isn't already engaged or married.

Furthermore, muslims in Germany and Europe simply don't have the opportunities to meet an eligible partner from their own cultural and religious circle. It is not seldom that these circumstances lead to loneliness and isolation, or to the decision to marry somebody of a different faith. This may work out well. In reality, different mentalities and religious beliefs often cause tension within the marriage. Often, differences in the fundamental perceptions of faith ultimately lead to divorce. When children are involved as well, that's when the problems really start.

This circumstance was the reason for the first official Islamic Matrimonial Agency for the German-speaking region to be founded. Already today we have one of the most comprehensive databases worldwide. Because we are fully aware of how difficult it is to find the right partner for life, we have committed ourselves to finding Mr. or Mrs. Right for you. We, as Islamic Matrimonial Agency, would like to facilitate getting to know the right man or woman, and God willing, make it happen. In doing so, we act strictly according to islamic rules. The protection of the muslim man or woman is always our first priority.

In all conscience we will do our utmost, but of course we cannot look into people's hearts. Unfortunately we cannot assume responsibility for the actions of our fellow brothers and sisters. We would like to call attention to the fact that our intention is purely islamic.

Please, dear fellow sisters and brothers, try to find the right partner, and make sure that Allah will take delight in your actions. For more information please click on Help. Why do we ask for money for our services? We don't receive any financial support, therefore we fund ourselves. To be able to uphold our services, we have to charge a moderate fee.

For the muslim women in Islam. For an overview of our database, please click on Muslim Female Single, there you will find all women in Islam, of all ages. End of search. For the men, please click on Muslim Single.

For the muslim men in Islam. For an overview of our database, please click on Muslim Single, there you will find all men in Islam, of all ages.
